Installation starts, just proceed with the wizard...

After installation, follow the wizard to setup your account

Adding an account

You can use more than one Google Account on your phone (such as your home and work accounts). Adding a Google Account takes just a few steps.

Touch "Next" to continue or press your phone's Back button to exit.

 Add a Google Account

Your Google Account is now linked to this phone.

Google applications are syncing data now.

 When the "syncing" icon disappears from the status bar at the top of your screen, the download has finished.

About the status bar...

Whenever you receive a new message or other notification, an icon appears in the status bar.

Use your finger to drag down the status bar to open the Notifications panel, with details about all your current notifications.

Finish setup
